

Liposomal Glutathione 500

*Liposomal Antioxidant
Formula*

The Master Antioxidant for Detoxification, Cellular Defense, and Immune Support

- ✓ **Master Antioxidant & Cellular Defense** – Neutralizes free radicals, protects DNA, and reduces oxidative stress to support overall health, longevity, and cellular repair.
- ✓ **Advanced Detoxification & Liver Support** – Essential for Phase II liver detox, facilitating the removal of heavy metals, toxins, and metabolic waste while enhancing mitochondrial function.
- ✓ **Immune & Neurological Optimization** – Strengthens immune response, supports brain health, and protects against cognitive decline by reducing inflammation and oxidative damage.
- ✓ **Superior Liposomal Absorption** – Nano-sized liposomes (50-100nm) ensure optimal delivery, longer circulation time, and enhanced uptake for maximum cellular benefit.

BioOne Sciences Liposomal Glutathione 500 is critical in detoxification, immune function, and oxidative stress reduction. Still, standard glutathione supplements often break down in the digestive system before reaching target cells. BioOne Sciences Glutathione 500 is formulated using an **advanced delivery system to maximize stability, absorption, and cellular utilization**, ensuring that more active glutathione reaches the body where it's needed most.

BioOne Sciences Glutathione 500 is formulated for superior bioavailability and cellular absorption, ensuring the body gets the glutathione it needs to **detoxify, repair, and thrive**. Whether supporting heavy metal detox, immune resilience, or neurological health, this advanced formula provides the essential protection your patients need.

Glutathione is the body's **most powerful antioxidant**. It is essential for **neutralizing toxins, reducing inflammation, and protecting against oxidative stress at the cellular level**.

As the **key driver of detoxification and mitochondrial health**, glutathione plays a crucial role in liver function, immune defense, and cognitive performance.

However, factors like aging, environmental toxins, and chronic stress can rapidly deplete glutathione levels, leaving the body vulnerable to disease and dysfunction.

What Makes BioOne Sciences Glutathione 500 Superior

- ✔ **Enhanced Stability & Bioavailability.** Specially formulated to preserve glutathione's potency and improve absorption at the cellular level.
- ✔ **Optimal Detox & Immune Support:** Supports Phase II liver detox, helping eliminate heavy metals, toxins, and oxidative stress byproducts.
- ✔ **Mitochondrial & Neurological Protection.** Essential for cellular energy production, brain health, and immune resilience.
- ✔ **Non-GMO & Purity Tested.** Formulated with high-quality, science-backed ingredients to ensure efficacy and safety.
- ✔ **Precision Dosing for Individualized Support.** The liquid formula allows for easy dose adjustments, ensuring patients or clients receive the amount of glutathione needed for their unique detoxification and metabolic requirements.
- ✔ **Powerful Synergy with BioOne's Functional Medicine Protocols.** When combined with **MCM Detox Plus, Liver GB, and TCG Activation**, Glutathione 500 **amplifies liver detoxification, mitochondrial function, and systemic cellular repair**, making it a cornerstone of BioOne's advanced detoxification and metabolic optimization programs.

Recommended Use: 1/2 Teaspoon (approximately 2ML) twice per day or as directed by your healthcare practitioner for advanced protocols.

Supplement Facts		
Serving Size about 1 teaspoon (4 mL)		
Servings Per Container 30		
Amount Per Serving		% Daily Value
Riboflavin (Vitamin B2) (as riboflavin-5'-phosphate)	2 mg	154%
Vitamin B6 (as pyridoxal-5'-phosphate)	1 mg	59%
Glutathione	500 mg	**
Proprietary Blend ¹	500 mg	**
Lecithin (from sunflower) (non-GMO)		
Glycerin (from sustainable palm) (kernel)		

**Daily Value not established.

Other Ingredients: Purified water, natural orange and pineapple flavors, stevia leaf extract (steviol glycosides), potassium sorbate.
